PROFILE OVERVIEW

8 months of Experience in Ruby on Rails(ROR) with a passion for creating robust and efficient web applications. Seeking opportunities to leverage my expertise in Ruby on Rails development to contribute to innovative projects and collaborate with talented teams.

Over the past, I have owned my skills in developing back-end functionality, crafting clean and maintainable code, and optimizing databases queries for enhanced performance. I am well-versed in MVC (Model-View-controller)architecture, which allows me to maintain a separation of concerns and ensures a structured and organized code-base.

EXPERIENCE

•RyientSoft Technologies Pvt Ltd.

January 2023 - Present

Ruby on Rails Developer

Noida, UP

Key Deliverables:

- Developing and maintaining Ruby on Rails applications, contributing to the entire software development lifecycle from concept to deployment.
- Successfully implemented new features and functionalities, adhering to project requirements and timelines, and ensuring a seamless user experience.
- Conducted thorough testing and debugging to identify and resolve issues promptly, minimizing application downtime and enhancing overall performance.
- Committed to writing clean, efficient, and maintainable code while adhering to coding standards and best practices within the Ruby on Rails framework.
- Effectively using Git for version control, participating in code reviews to maintain code quality and collaboration with other team members.
- Utilizing RSpec and Capybara for unit and integration testing, contributing to the development of robust, bug-free applications.
- Continuously updating knowledge of the latest Ruby on Rails trends, frameworks, and tools, staying informed about the best practices in the web development industry.
